PROFESSIONAL SUMMARY

Enthusiastic software/web developer with a strong foundation in web development and programming, backed by hands-on experience and a passion for creating user-centric applications. With a track record of contributing to the development of responsive and engaging websites, I am committed to expanding my skills and delivering high-quality, efficient code. Adept at collaborating with cross-functional teams and adapting to evolving technologies, I am poised to contribute effectively to dynamic projects while continuously learning and growing in the field.

WORK EXPERIENCE

Fable   **Toronto, Ontario, Canada**
Intern   *January 2024 – April 2024*

- Understand and work effectively with Fable's data model (entities, relationships and constraints)
- Evaluate Figma API documentation to make recommendations and scope efforts of integration work
- Produce and consume SNS and webhook events, to be integrated in business processes
- Generate documentation (written and diagrams) of the structure of the solution and relationships to other software components
- Deploy infrastructure to AWS using configuration stored in code repository (ie, Serverless)
- Develop and test Node.js code, including automated tests using Jest
- Write, test and optimize MongoDB queries

Sparksoft Solutions, Inc.   **Quezon City, Philippines**
Software Developer   *November 2019 – June 2022*

- Spearheaded the development of Coca-Cola PH and E-TESDA's OFW RISE and iSTAR programs, offering comprehensive entrepreneurship courses for OFWs and MSMEs. Developed interactive learning components, including games, lectures, videos, and modules using HTML/CSS/JS.
- Developed and maintained web applications using a tech stack including JavaScript, React, and Node.js, delivering high-quality software solutions to meet client requirements and project deadlines.
- Actively participated in Agile development processes, including daily stand-up meetings, and retrospective meetings, ensuring efficient project execution.
- Collaborated directly with clients to gather and clarify project requirements, ensuring a clear understanding of their needs and objectives.
- Mentored junior developers, providing guidance on best practices, coding standards, and software architecture, resulting in skill improvement and increased team productivity.

WideOut Workforces, Inc.   **Makati City, Philippines**
Creative Developer   *May 2019 – November 2019*
- Translated client requirements, graphic designs, and specifications into functional advertisements, utilizing core technologies aligned with client preferences.
- Designed and crafted static and dynamic Banner Ads, employing HTML5, CSS3, and JavaScript to enhance user engagement and interactivity.
- Conducted comprehensive cross-browser and multi-resolution testing to ensure optimal functionality and promptly resolved any issues identified.
- Transformed raw client assets into captivating and interactive rich media ad executions, enhancing brand visibility and audience engagement.
- Determined the digital optimization and presentation strategy for images and multimedia content on designated platforms

EDUCATION

Post-Graduate Certificate - Information Technology Solutions Etobicoke, Ontario, Canada
Humber College - North   *September 2022 – April 2024*

Full-Stack Web Development   **Quezon City, Philippines**
Zuitt Coding Bootcamp (formerly known as Tuitt)   *January 2019 – March 2019*

BS in Electronics Engineering   **Manila, Philippines**
University of Santo Tomas   *June 2010 - May 2015*

SKILLS

Hard Skills:

- **Programming Languages**: JavaScript, Node.js / Express.js
- **Web Development**: HTML, CSS, Sass, React
- **Database Management**: MongoDB
- **Cloud Computing**: Amazon Web Services (AWS)
- **Software Tools**: Visual Studio Code, Git, GitHub, Affinity Photo & Design (Editing Software), DaVinci (Video Editing)

Soft Skills:

- Communication
- Problem Solving
- Teamwork
- Adaptability
- Time Management

- Attention to Detail
- Critical Thinking
- Leadership
- Conflict Resolution
- Empathy
